Read about the weather forecast in the UK and draw the symbols on the map.

In the extreme north it is snowing in Scotland and the weather is very cold. In the centre and north of England it is raining. In the west, in Wales, it is very cloudy. Even further to the west in Ireland the winds are very strong. In the south west of England, it is partly cloudy. In the south east of England it is warm and very sunny. There are storms along the east coast of England and Scotland. We can expect thunder and lightning throughout the evening.

You are the Weather Presenter. Draw weather symbols on the map and be ready to present the weather forecast for today in the UK.
